Nick's Report Card Grades

Imagine you have been given the job of grading Nick's character.

Consider the character traits listed below and give Nick a grade in each of the following areas.

*For example: If I were going to grade Nick on Leadership, I would probably give him an **B** or a **B** because he was able to lead a group of students to follow and support him, however, he did not think about the consequences of getting all of them into trouble or warning them of what could happen.*
